Odysseas is focused on solving problems that affect the quality of life and empowering people. He believes that Initiative, Creativity, Ambition & Responsibility are the key to success. As one needs to contest any opportunity that arises, find the most efficient solution, aim to become the best at what he does and lastly understand his absolute responsibility for his path in life. He also tries not to take himself too seriously.

He started the first entrepreneurship club of the UoP, by becoming member of Mindspace, a NPO that promotes entrepreneurship in the university and he founded the Patras Chapter. He also participated in MIT Boot-camp on I&E 2018 and ran a crowdfunding campaign called "Odyssey to MIT", raising over 10K euro in 4 weeks. He is a passionate maker, having developed a cheap open-source smart-home assistant. During his senior years, he worked as a research associate in the NAM & APEL groups of the Electrical & Computer Engineering Department. One last thing, he is devoted into "sharpening the saw", maintaining a healthy lifestyle, constant exercise and quality time for personal development. His challenges himself to have a personal anual growth of exponential nature, a mark that has been consistently achieved over the last years.

## EXPERIENCE

experience points

- **Research Associate** + 70 exp  
NAM group, APEL group, University of Patras  
Oct 17 - Oct 19  
Related Skills: Applied Research, Integration, Scientific Publishing - LaTeX, Leading, Open-Source Contribution, Systems Architecture, Dev-Ops, Software Engineering

## LANGUAGE SKILLS

"Love responsibility. Say: It is my duty, and mine alone, to save the earth. If it is not saved, then I alone am to blame."

-Nikos Kazantzakis
